**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition, especially against the BIG AT&T and other companies who aspire to monopolize their service. For years now I have subscribed for internet service with a smaller, local company who is now building out fiber for our community. My local company is responsive, does not offshore their customer service, and I think keeping those small local companies in the mix is the right thing to do.
